

## 6. SCHOOL USE

- a. A teacher must be present in the classroom when a student is using the Internet. If a teacher is not currently in the room, the student must wait until one is present.
- b. Never load any software downloaded from the network or brought from home onto the system or hard drive of a workstation.
- c. Printing from the Internet is only for educational purposes, such as homework or research assignments.
- d. From time to time, the Erskine Academy technology committee will make determinations on whether specific uses of the network are consistent with the "Acceptable Use Policy".
- e. PARENTS MUST UNDERSTAND THAT THEIR CHILD MAY ENCOUNTER MATERIAL IN A NETWORK/BULLETIN BOARD THAT THEY MAY CONSIDER INAPPROPRIATE (PORNOGRAPHY, VULGAR JOKES, STATEMENTS OF BELIEF THAT THEY MAY CONSIDER IMMORAL, ETC.). Even though Erskine Academy uses filtering software to assist in controlling what content is accessed, it may still be possible for students and staff to accidentally access inappropriate content. Students should notify a teacher immediately if they accidentally access inappropriate content so our network administrator can update the filter.

## 7. EDUCATION FOR MINORS

Students will receive annual refresher education about appropriate on-line behavior including interacting with other individuals on social networking sites.

## WELLNESS POLICY (rev 1/15)

Healthy eating habits and physical activity promote good health which in turn fosters good student attendance, more effective learning, and the achievement of higher standards in education. Contrarily, unhealthy eating habits, physical inactivity, and obesity lead to diabetes, heart disease, cancer, stroke, and are often established in childhood and adolescence. Additionally, a healthy staff can perform more effectively and model appropriate wellness behaviors for students. Thus, Erskine Academy is committed to providing a school environment that promotes wellness for all of its members through healthy eating and physical activity.

### **Therefore, it is the policy of Erskine Academy that:**

- A Wellness Committee be established to plan and monitor wellness activities within the school.
- All students will have opportunities, support, and encouragement to be physically active on a regular basis.
- The school will participate in the National School Breakfast and Lunch Program, and foods and beverages sold or served by the program will meet the state and federal guidelines.
- The food service program will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of the students; will accommodate the special dietary needs and the religious and cultural diversity of the student body; and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- The school will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity.
