

## Mouthguard Consent Form

The risk of serious injury to the mouth is inherent in virtually any sport. Use of a mouthguard during athletic practice and competition can significantly decrease the chance of injury as well as minimize the damage of the teeth, mouth, and jaw if an injury does occur. To raise awareness Saving Smiles of Maine is providing custom fitted mouthguard at the reduced price to \$25.00. By signing below, you give your consent to the fabrication of a custom mouthguard for your athlete.

**Return form to your coach by Tuesday, August 20, 2019.**

I consent to have Tracey L. Jowett, RDH take impression of my child's teeth and fabricate a custom mouthguard for him/her.
